

February 23 - 26, 2020

Hyatt Regency
Indian Wells Resort & Spa
Indian Wells, California
wastesymposium.com

Your #1 event for solid waste management research and content.

(and it only comes around once every two years)...

North America's top technical conference for waste management is gearing up to bring you its biggest and best event yet in 2020—in beautiful Indian Wells, CA!

Don't miss:

- Three days of world-class content and breakthrough research
- Innovative oral and poster presentations
- Education sessions with topics from sustainable materials management and geosynthetics to PFAS and thermal conversion
- Networking with your peers and colleagues from around the world
- Golfing at world-renowned course that's as beautiful as it challenging

Register by October 15 and save \$50.

“The Global Waste Management Symposium is the premier event for technical presentations in the solid waste industry. The information exchange and networking opportunities are outstanding!”

– Brad Peake, QED Environmental Systems

February 23 - 26, 2020

Hyatt Regency
Indian Wells Resort & Spa
Indian Wells, California

Please join us!

You're invited to GWMS 2020, North America's leading technical conference for the presentation of applied and fundamental research and case studies on waste management.

This is your best opportunity to share ideas and problem-solve with peers, researchers, vendors, and thought leaders in the global waste community.

At GWMS, you'll experience breakthrough research, plus:

- Learn from industry leaders who use science and innovation to improve solid waste management
- Meet with leading suppliers showcasing their latest solutions to help you implement what you learn
- Forge new relationships with fellow attendees as well as supporting organizations
- Play golf at a world-renowned John Fought-designed course

So get ready for lots of "fuel" for thought. And remember, this event only comes around once every two years, so don't miss out!

Register today with promo code AB1 and save \$50 on your GWMS registration!

THANK YOU!

A big thank you to our esteemed committees including the following individuals:

Bryan Staley, PhD

Environmental Research & Education Foundation

Chris Bareither, PhD

Colorado State University

Morton Barlaz, PhD

North Carolina State University

Craig Benson, PhD

University of Virginia

Nicole Berge, PhD

University of South Carolina

Who's attending?

GWMS serves the needs of landfill owners and operators, as well as the engineer, consultant, and vendor communities. Participants include:

- Facility Owners and Operators
- Local/State/Federal Agencies
- Researchers
- Scientific Foundations
- Waste Services Companies
- Vendors/Suppliers
- Trade Organizations
- Solid Waste Generators
- Students

We hope you'll be among the esteemed solid waste management attendees at what promises to be another informative and engaging event.

Your GWMS registration includes:

- All oral and poster presentations
- All networking events, including the Welcome Reception, continental breakfasts, coffee breaks, lunches and cocktail receptions
- Access to all tabletop exhibits

Register today!

Visit wastesymposium.com and use registration code AB1 to save \$50.

What's on the program?

Our GWMS 2020 agenda is almost finalized and will be chock full of learning and insights that will help you on the job—day in and day out. Here's just a glimpse at some of the topics you'll get to dive into:

- Waste minimization and reuse
- Waste management planning
- Landfill operation and design
- Organics diversion/composting/anaerobic digestion
- Recycling and material markets
- Waste-to-energy/thermal conversion
- Sustainable materials management
- Waste containment and geosynthetics
- Odor emissions and management
- Leachate treatment and management
- PFAS and other emerging contaminants
- Life cycle assessment
- Wastes from energy production (e.g. coal ash)
- Waste collection, transport, and safety
- Waste characterization ... and more!

MEET YOUR KEYNOTE SPEAKER!

**Tara Hemmer, SVP of Field Operations
for Waste Management, Inc.**

At Waste Management, Tara is responsible for all operations in the southern part of North America, including oversight of collection, disposal, recycling and landfills. She is also a member of the Company's senior leadership team. At GWMS 2020, Tara will share awesome insights gained over the course of her career—and she'll share thoughts on where the industry is headed. Don't miss out!

Special Events & Travel

Luncheon with Michael E. Hoffman, Managing Director and Group Head of Diversified Industrials, Stifel on Tuesday, February 25 at 12pm

Feed your brain with insights from Michael Hoffman, a 29-year industry analyst who has his finger on the pulse of where the markets are headed and what we all need to know.

Golf Outing

Join your peers for an enjoyable afternoon of golf on the John Fought-designed Players Course at the Indian Wells Resort. The golf outing includes greens fees for the Players Course, as well as lunch and an awards ceremony. New for GWMS 2020 is the golf pairing feature that allows golfers to invite each other to play together. Golf handicap required.

Timeless Hospitality

The iconic Hyatt Regency Indian Wells Resort Hotel in Palm Springs, California is the official hotel for the Global Waste Management Symposium.

Hyatt Regency Indian Wells Resort & Spa
